## Recommended by your Teachers!

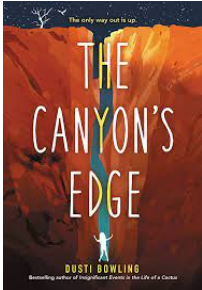

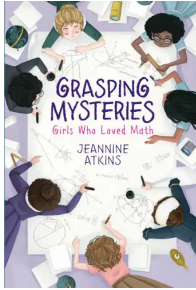

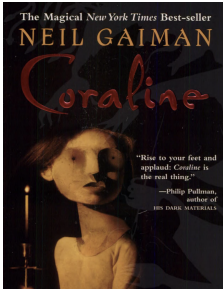

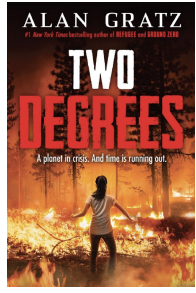

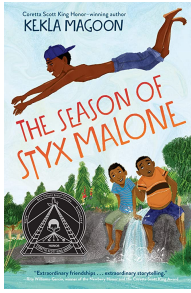

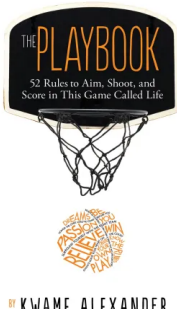

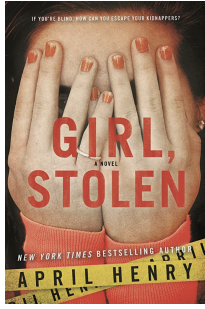

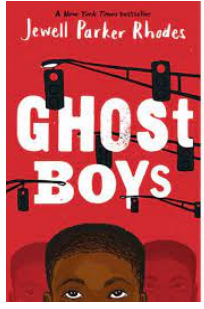

**Mr. Banaszak**- I love adventures, because you face difficult circumstances. In *The Canyon's Edge* by Dusti Bowling, the main character has to survive in the wild, after surviving a horrific tragedy. It is the kind of book that makes me ask myself, "What would I do?" Plus, it is written in verse.

**Mrs. Laudel**- Stories are one of my favorite ways to explore the world, both the one that we live in and fantasy lands. I love reading books about characters who have different identities from my own so I can learn what their life experiences are like. *Tristan Strong* includes all of these elements for me and I would highly recommend it.

**Mrs. Paulus**- Traveling is one of my favorite things to do, so I love a book that can take me into a new world! *Coraline* has the power to transport your mind into a new reality, as well as help you see your everyday world from a different point of view.
