

Kirkwood Band Boosters

is a not-for-profit organization that provides support for band students in grades 5-12. Our goal is to bring a strong level of financial and volunteer support to each and every band student. Our support includes providing instruments, music, uniforms, music stands, scholarships for summer band camps and private lessons, and much more. Our band family is made of a strong parent and family base, putting forth the effort to meet the needs of all of our students to create a successful and engaging instrumental music program.
